

SE24HCSX

Stainless Xterior™ Refrigerator

Project Name: _____

Item #: _____ Quantity: _____

Width*	Depth**	Height***	Shelves	Ship Weight	Ship Cube	Cooling Capacity	Electrical
23 7/8" 607 mm	31" 788 mm	78" 1982 mm	3	248 lbs 112 kg	41 cu. ft 1.16 m ³	1/4 HP	115V/3.1 Amp/60 Hz - Single Phase - NEMA 5-15P, Dedicated Circuit

** Add 1" (26mm) for Power Cord. *** Add 3/8" (10mm) for Threaded-In Levelers. Millimeters rounded up.

Premium Features

Cassette® Refrigeration

Finless Free&Clear™ Condenser Coil

Automatic Stainless Steel
Condensate Control System

Front Breathing
Refrigeration

Priority Air-Flow

SE24HCSXG: Designed to enhance the refrigerated storage or display experience to the highest standards of quality and performance.

Refrigeration:

- Self contained Cassette® forced-air refrigeration employs R290 hydrocarbon Natural Refrigerant within a sealed capillary tube system.
- Cassette® Refrigeration is bottom-mounted and removable from the front for ease of maintenance. Refrigeration may be exchanged or upgraded without mechanic. Designed to operate at a set point between 34°F to 39°F (1°C - 4°C).
- Priority, directed air flow provides optimum cooling and energy efficiency within cabinet and exclusively at front of unit for optimized heat exchange ventilation.
- Quality sealed motors and balanced fan design provide highly efficient, quiet operation.
- Finless, Free&Clear™ Condenser Coil maximizes air-flow over the compressor, reduces energy consumption and is non-clogging.
- Corrosion resistant coated evaporator coil.
- Automatic, stainless steel condensate control system.
- Quality, self-lubricating and sealed motors with streamlined air-flow provide quieter yet robust refrigeration.
- Equipped with Digital Thermometer.

Cabinet:

- Exterior – stainless steel front and sides.
- Interior – NSF approved white aluminum liner with stainless steel covered corner floor.
- Ergonomic raised interior floor.
- Space Saving Design – air ventilation exclusively from the front of unit.
- Insulation – cabinet and solid doors are foamed-in-place with eco-conscious, polyurethane insulation.
- Heavy duty thread-in leveler legs.

Doors:

- Self-Closing Swing Door features hold-open position, spring-back protection, and door lock, both reversible on-location
- Magnetic gaskets are single piece bead-mount construction easily removable for cleaning.
- Heat reflecting HABCO insulated safety glass with black extruded frame.

Lighting:

- Energy Efficient LED lighting System for sparkling illuminated Interior Display, on switch.

Storage:

- Three (3) white coated shelves 19 1/2"W x 22 3/4"D (496mm x 578mm) are NSF approved.
- Heavy duty aluminum shelving pilasters will not peel or chip adjustment of 1/2" (13mm) increments.
- NSF-7 compliant for storage and display of open food product.

Electrical:

- Factory power cord installed for connection to a sole-use (dedicated) 115V/60Hz/1-Phase, 15 Amp circuit.
